

ADVANCED FORCE & TORQUE MEASUREMENT

## Customer Service Representative

### Company Overview

Interface is the world leader in high accuracy force measurement. Since the beginning in 1968, we have been manufacturing load cells for use in Aerospace, Oil & Gas, Medical, Automotive and a host of other markets and applications. This diversity provides strong stability for the company.

In recent years, Interface has experienced double digit growth! We are looking to expand our Sales team. Currently, we are looking to fill our customer service position. This position presents tremendous growth potential within the company!

We are currently seeking an enthusiastic, self motivated Customer Service Representative to join our Sales team in Scottsdale.

### Job description

- Daily interaction with customers and our sales organization
- Daily entry of sales orders with emphasis on accuracy and completeness
- Regular distribution of sales leads to our Representative network
- Regular distribution of sales activity reports
- Regular distribution of Marketing literature
- Occasional phone support with price & delivery requests, order confirmation, tracking and delivery
- Starting wage is \$13-\$16 per hour (depending on experience)

### Background & Requirements

- Strong winning attitude with a focus on results
- Customer service & Technical degree preferred (not required)
- Technical aptitude a plus
- Excellent communication skills
- Ability to multi-task and prioritize daily tasks
- Independent, self starter who can produce results with minimal supervision
- Computer literate and able to learn new programs
- Career advancement opportunities based on performance
- Performance based incentives

This position is eligible for benefits including medical, dental and 401K program. Interested candidates should forward their resume and work history to [anned@interfaceforce.com](mailto:anned@interfaceforce.com) . Or contact us at (480) 948-5555 x134
